Mike:

Just a quick note of thanks for the beautiful pond Pace Landscaping installed in our backyard. Working for a service company, I know first hand that you usually only hear from the unhappy customer. But I wanted to let you and your team know how pleased we are with your work. Deb and I have wanted a pond for years. As I mentioned to you on the phone the other day, what you and your crew created not only met, but exceeded what we had envisioned. Most of the neighborhood has been over and they all love what you have done. We can't wait for next spring to add the water plants and koi.

I also appreciate the professionalism displayed by you, Matt and the rest of the guys. Matt was a pleasure to deal with from start to finish. I'm sure Deb and I asked a lot of "dumb" questions and we thank all of you for your patience and being so courteous.

Please feel free to use us as a reference should the need ever arise.
