Dear Mike:

We wanted to take a moment to thank the entire Pace Landscaping Team for a job well done on our backyard patio and landscape project. From inception, through design, construction and completion, the process of working with your company was extremely smooth.

The personal interest you and your employees took in making sure everything was done just right resulted in a finished project that was above our expectations.

We have received numerous compliments from visitors and we are proud to have your work as the focal point of the back of our home. The raised stone patio, wedding cake steps, landscaping and tumbled stone walkway are absolutely gorgeous and significantly enhance the value, beauty and comfort of our home.

Please feel free to provide our contact information as a reference to potential clients and/or to take them on a visit of our backyard! Keep up the good work.
